

RaceID Referral Program

Terms & Conditions

The RaceID Referral program is intended for current customers and new customers to benefit from helping to grow the organizer community on the RaceID Platform.

HOW TO PARTICIPATE

Share the referral link (<https://organizer.raceid.com/referrals/>) with organizers in your network that you think would benefit from joining RaceID. The new organizer needs to fill out the form on the link you provide them with. When they fill out this form, they will provide your name as a referrer and that is how your referral will be recorded.

The RaceID team will get the information from the filled out referral form and call the referred organizer to an initial meeting. This meeting is only introductory and the referred organizer has no obligation to join the RaceID platform at this time.

COMPENSATION

For each organizer that signs up, and that has been referred by you (entered your name in the initial referral form), you will get 100 EUR off your race commission fees. Note that the new organizer must officially join the platform and open registration, for it to count as a referral.

Once a referral has been recorded in our system, the referral earning will be deducted on your next payout from RaceID.

There is no limit to how many organizers you can refer. But deductions and referral compensation can only be used to the extent of reducing your commission fees to 0 in one given year (any referral compensation that exceeds the amount you pay RaceID in commission fees in one given year will be disregarded).

The referred organizer (the new customer) will get their compensation on their first race, the first year. The 100 EUR will be deducted from their first payout.

If your race is charged in another currency than Euro, the compensation will be calculated based on the current exchange rate on the day of the payout.

Compensation for previously referred organizers that were referred before the start of this Referral Program can not be claimed retrospectively.
